

 **ZEBRA**
ACCESSORIES

These high quality solutions are designed to protect professional electronic devices and extend their lifespan.

Our product offer includes screen protection, holsters, cases and mounting solutions.

The manufacturing process takes place in Poland.

The manufacturer specialise in custom/bespoke projects and offer complete solutions which help protect, carry and add function to devices.

WEARABLE ARM MOUNT

Wearable Arm Mount for devices with swivel clip equipped case. The soft inner layer and ergonomic design ensures comfort during prolonged use.

The swivel clip holds the device firmly and enables quick locking after turning by 90 degrees with the possibility of blocking every 45 degrees.

Straps allow smooth adjustment in the XS-XXL range and allows using the arm mount on thick clothing.

- Universal wearable Arm Mount
- Functional case ZEBRA TC20/25 swivel clip nylon
- Functional case ZEBRA TC20/25 swivel clip leather

RUBBER TPU CASES

Rubber TPU case has been designed to protect mobile terminals, barcode scanners and other devices while maintaining their full functionality and small size.

Made of durable material, adapted to a specific device model. Contoured and thickened corners create additional protection for the device. It can be equipped with a strap that facilitates gripping and prevents slipping out of the hand.

- Protective case ZEBRA TC20/25 rubber TPU
- Protective case ZEBRA TC51/56/52/57 rubber TPU

- Elastic hand strap TC20 TPU
- Elastic hand strap TC51 TPU

TEXTILE CASES

Crafted with high quality genuine leather or ballistic laser cut nylon. These cases offer extended durability and protection, help carry the device with easy access to its functions.

The snap closure makes the device installation and removal fast and easy. Can be used with docking station.

- Functional case ZEBRA TC20/25 nylon
- Functional case ZEBRA TC20/25 leather
- Protective case ZEBRA TC51/52/56/57 leather

NYLON HOLSTERS

Made from the highest quality European nylon, the Universal holster combines aesthetics with durability. It protects devices against damage, at the same time expanding the possibilities of transport and attachment to various surfaces.

Soft internal finish won't leave marks on the device. As standard comes with an integrated belt loop and stylus holder. Other options include D-rings for shoulder strap, metal belt clip.

- Holster ZEBRA TC51/52/56/57
