Consolidate and Connect to Maximize Performance

Make every device ready for optimum use during every shift without interrupting operations.

- Battery charging
- Faster access and storage
- Ethernet/WiFi/4G connectivity to access software updates

Automate Workflows with Software-Driven Management

Save workforce time and overall costs with Zebra Access Management System™.

- Automate workflows and minimize worker hours
- Reduce the potential for user errors
- Increase productivity and efficiencies
- Quick secure access to devices at the start/end of shift

Protect Devices with Authorized-Only Security

Enable device traceability and controlled issuing with authorized-only device storage and enhanced security options.

- Prevent device loss, abuse and damages
- Minimize repairs and replacements
- Increase device cost savings

Access Support from Concept to Deployment, Adoption to Operations

Enable device traceability and controlled issuing with Zebra Access Management System™.

- Zebra Signature Services provides learning services, program management and deployment services to ensure your solution is properly tailored to your needs
- Zebra OneCare® offers ongoing technical support
