

How to Order

Once you've completed your integration and have become a Tidypay Partner, you can then buy your Tidypay enabled device(s) from Varlink.

Choose between the P2 Lite or P2 Pro SUNMI Payment Terminals

Place an order with our EPOS Sales Team and make sure to quote that you would like the Tidypay gateway app upgrade on your device(s)

Our UK-based Technical Team will then rework your device(s) onsite and integrate the Tidypay gateway app, ensuring they are payment ready for when you or your customer receives the order

Then you are ready to go!

EPOS Sales Team:

Declan Toland | 01904 717186 | declan.toland@varlink.co.uk

Mo Rahman | 01904 717184 | mo.rahman@varlink.co.uk
