

## OptiCare Packages

Opticon is committed to providing excellent customer service and provides a range of OptiCare packages carefully chosen to meet your requirements. All repairs are carried out at a UK-based service centre ensuring a fast and high quality repair service.

The OptiCare package provides cover for the H-21, H-22, H-25 and H-27 devices for up to 24 months, from the date of equipment purchase. Opticon has a 3 Year OptiCare package especially for the H-21, H-22 and H-25 which offers the same standard protection for longer. All OptiCare support contracts must be purchased at the point of sale and are available in either Standard or Premium.

Opticon has now also introduced OptiCare to a range of their data collectors which covers the OPN-2001, OPN-2006, OPN-3002 and PX-20.
